## DEMOCRATS TALK OF A CONTEST

As a result of a conference between leading Democrats of the city, held at Democratic headquarters, it has been decided to make a thorough investigation regarding the condition of the registration list of the Seventh voting district, which embraces the Red Light section of Ogden.

It was stated by Democrats this morning that there are a large number of fictitious names on the registration books of that district, and that a great many votes were cast for the Republican ticket in that district yesterday that were illegal. The Democrats contend that it was such voting that gave Kelly, Republican candidate for the state senate, a majority of 100 over Browning, the Democratic candidate for the senate, the vote cast in the district being 130 for Kelly and 30 for Browning.

Other information came to the Democratic central committee this morning that a certain Republican worker approached a young man and told him to go to the Seventh district polling place and vote a name other than his own. The young man did so, even though he had to swear his vote in after he had been challenged. His vote was challenged on the ground that he was not the person whose name he gave to the judges of election.

The complete returns from the county give Kelly 3,856 votes and Browning 3,838, making Kelly's majority only 18.

The mode of procedure in the contest will be, it is said, the filing of a protest with the board of county commissioners, when it sets as a board of canvassing of the election returns, against the issuance of a certificate of election to Mr. Kelly and if the certificate is issued to Kelly then the matter will be brought before the state legislature, which body is sole judge of the qualifications of its members and has absolute power to hear all contests touching the manner in which a member is elected.

Chairman Browning of the Democratic central committee states that he is certain there was crooked work carried on in the Seventh district yesterday and the matter will be carefully looked into with the view of carrying any wrong that has been perpetrated.

Chairman Dye, and Republican workers who were at the Seventh district yesterday, say they do not think there were any illegal votes cast.

## DEMOCRATS HAVE THE NEW JERSEY LEGISLATURE

Trenton, N. J., Nov. 9.—Latest election figures made Woodrow Wilson's plurality for governor 25,000 with a possibility that it will go to 30,000. The returns from the Fourth congressional district show that Ira W. Wood, Republican has been re-elected. This, as returns now stand, will give the Republicans three of the ten New Jersey congressmen, an exact reversal of the present representation.

All doubt seems to have been removed as to the Democrats controlling the legislature on joint ballot. Therefore, a Democrat will be selected to succeed Senator John Keene, Republican.

## FOSS HAS 32,987 PLURALITY.

Boston, Nov. 9.—Revised returns for governor give Foss, Democrat, a plurality of 32,987.

The next legislature which will elect a senator to succeed Henry Cabot Lodge, will be Republican by a narrow margin.

## THEY GAIN IN SENATE

The Democrats Have Won Many Senatorial Seats

Chicago, Nov. 9.—According to returns received up to 3 p. m., the next United States senate will be composed of 58 Republicans and 42 Democrats, a gain of nine for the Democrats. The Democrats have gained seats in the following states, which are now represented by Republicans: Indiana, Missouri, Montana, Nebraska, New Jersey, Ohio and West Virginia.

In Maine a Democratic legislature was chosen at the election in September, insuring a Democratic successor to Senator Eugene Hale.

Terms of thirty United States senators, 24 Republicans and six Democrats, expire March 3, 1911, and their successors will be chosen by legislatures elected today.

The senate at present is composed of 58 Republicans and 32 Democrats. Two vacancies have been caused by the death of Senator Dooliver, Republican, and Senator McEnery, Democrat.

The following table gives the politics of United States senators whose terms expire March 4, and the political complexion of the state legislatures which will name their successors:

## ALASKA WILL ASK FOR STATEHOOD

WASHINGTON, Nov. 8.—A bill providing for the admission of Alaska into the Union will be introduced on the opening day of the December session of congress by Delegate James Wick-

ersham said today.

"Alaska has more to justify the granting of statehood than had Arizona, New Mexico, Nevada or California at the time of their admission. Alaska has more qualifications than Nevada just now. Alaska has more commerce, more people, more gold, more coal and more of everything else that is worth having than any of these states possessed when they were admitted."

## GIRL REFUSES MAN AND HE MURDERS HER

SPOKANE, Nov. 8.—Miss Josephine Putnam of Spokane, a school teacher, was murdered last night by Patrick O. Holland, a farm hand, near

Washington, where Miss Putnam had been teaching.

Crazed by liquor and upon her refusal to receive his attentions, Holland went to the cottage where the young woman was living and shot her dead. He then shot himself.

The bullet entering his breast and inflicting a serious but not fatal wound. Neighbors found the woman's lifeless body and the man lying on the floor.

Smart little coats in black taffeta worn over foulard dresses of all shades. These coats are not allowed to hang loosely, but are always fastened at the waist, the open coat hanging up to the present not yet put in an appearance.

Paving Completed.—All of the city's paving jobs for the year have been completed and the Moran Construction company is now making a number of repairs in the asphaltting of some of the older paved streets. With the completion of the paving on Washington avenue and the new block of Hudson avenue, Ogden has set a new pace in street improvement, as in no former year in the city's history has so great an amount of work been done. All of the street improving which has been planned by the city is now completed and it is not likely that any more appropriations will be made for paving until spring.
